This is to certify that the

fullsized violin, inventory number 4862, originally labeled "Paul Beuscher, Luthier ... Paris Annee 1937 No. 89 Special Cremone" is, in our judgement, an original French work by Paul Beuscher which was made in Paris in 1937.

Description:

The two piece top is made of spruce with regular medium width grain. The one piece back is made of deeply flamed maple with medium width figure. The maple ribs of similar figured maple. The varnish is of an intense golden-orange color applied on a golden-yellow ground. All major parts of the violin presented here are the originals and the instrument has been kept in very good condition which reflects its age.
